Insurance Pop Quiz

1. The name of my medicine is _____ .

2. I take this medicine _____ times a month because I have _____ .

3. I use _____ units in one dose of this medicine.

4. One unit of my medicine costs $ _____ .

Let's do some math

_____ (units in one dose) #3

× $ _____ (cost of one unit) #4

= $ _____ per dose

$ _____ (cost per dose)

× $ _____ (how often I take the medicine) #2

= $ _____ per month

This is why I need to know about _____ .

The name of my insurance company is _____ .
